Budget Seeds is the sister website to Pretty Wild Seeds set up specifically to help more people get in to growing by stripping everything back to basics. Not everybody needs 1,000 carrot seeds, do they? A lot of people just need a few seeds, packed in simple packaging at low prices.

But does low prices mean lower quality seeds? It doesn't with us because as mentioned above, we are simply a sister website to Pretty Wild Seeds, a family business fully registered with DEFRA who certify the seeds. Given the proper growing conditions our seeds grow as intended, and if it doesn't, then the fun part of gardening begins trying to find just what was missing.

All of our seeds can be traced right back to the producers too, and come from the same suppliers as the big companies use so you can be assured of our quality, products and advice.

Postage will be charged at £1.30 per order, unless you wish to purchase next working day courier delivery but if you're local to our Darlington warehouse, located on Valley Street North, Darlington DL1 1PY you are more than welcome to click collect and have a wander down and a chat with us.

If you wish to purchase over 50 sachets to make the most of our 10% discount please contact us on 01325 353596 or via email at sales@prettywildseeds.co.uk for your personal code which can then be applied at checkout.

Once you have this code, you're welcome to add other varieties on the website to your order such as our range of annuals and perennials and wildflowers.

Our seeds are also available on a wholesale basis, which can make great additions to your fundraising drives, school lessons and group activities. One of our big passions is getting more people in to growing from seed, so we're happy to help you with your ideas, too.

All orders are aimed to be packed and sent within a 24 hour working day period.
