How Does It Work?

Once you have spoken to your friends at your allotment and worked out how many quantities of sachets you need, fill in our handy form and visit www.budgetseeds.co.uk to process your order.

If you've been in contact with us before and have your special allotment group discount code, please don't forget to use your individual code at checkout.

Once ordered & paid for, our packing team will put your order together, the majority of our seeds being in foil packed sachets which means you no longer need to split bags, merely hand out upon arrival.

All sowing instructions are on our website, each variety having 'sowing & growing' section of it's product page which you are more than welcome to print out for your own records.

If you're new to Budget Seeds and would like to set up your own discount code, please contact us via Email on info@budgetseeds.co.uk or give us a call on 01325 353596.

And if you're local to our Darlington warehouse, or passing by, we are always happy to have a chat at John Dobbin Road, Darlington, DL1 1US which is just off Chesnut Street.
